Tokyo, July 20. Eric Linklater, noted British poveilst, will visit Australia next month to fulfil an ambition he has had since childhood and to see the Great Barrier Reef. mistaken for any loss of desire to

reach a satisfactory truce. The de-

termination to do everything pos-

sible to achieve an armistice on

terms that are compatible with United

Nations principles, already expressed

and reiterated, remains unshaken. As

one UN delegate spokesman said after

Thursday's deadlock in the talks: "We

will have an agenda if the basic item

is left out." In other words an agenda

sufficient to bring about a speedy

armistice has already been agreed

upon and it only requires the Com-

munists to refrain from trying to

inject unacceptable proposals, to have

that agenda implemented into practical

form. Everything now depends on

whether the Communists will give way.

They can do so without any loss of

face, for at no stage has either side

officially revealed the main point of

dispute. Admittedly it has been

specifically suggested by the pro-

pagandist radios of Peking, Pyongyang

and Moscow, but officially the Com-

munist delegates at Kaesong remain

uncommitted. There need not, in fact,

be any announcement that the Com-

munists have withdrawn on any issue.

The world will be quite content to be

told that the two delegations have

reached agreement on an armistice

agenda. It is difficult to believe that

the Communists, having shown an

eagerness equivalent to that of the

United Nations to achieve a cease-fire,

should at this stage utterly wreck

negotiations for the want of placing on

the agenda an item which they know

full well the UN representatives have

no power to discuss. There is still time

to settle this difference without com-

promising future negotiations on the

wider issues."

Radio Hongkong Broadcasting Special For Two Anniversaries Programmes

Today is the anniversary of the deaths of 12.45 NEW FAVOURITES. Robert Burns and Ellen Terry. At seven o'clock this evening Radio Hongkong is broadcasting "Scottish Heritage," which is a portrait of Scotland's greatest goet as seen through his many poems, songs, and letters. It is the story of a hard life, and of a man who, although, he had lived it as poor as he died, had lived it to the full.

Compton Mackenzie's recollections of Ellen 4.30 Bill BANDSTAND. Terry-in the series "As I Knew Her" which comes at 8.15 p.m. tonight—present a rather brighter picture. There can be few great actresses who are remembered with such genuine affection as well as admiration. Mackenzie was first introduced to her in 1898, when he was about 15 years old. From that time on he saw almost every play in which she acted with Henry Irving, and he became one of her greatest admirers.

The Summer Exhibition of the Hongkong Art Club opens on Wednesday, and on Tuesday evening at 6.50 p.m. Austin Coates will be giving a short talk from the studio of Radio Hongkong in which he will preview and criticise the exhibits. Some 140 pictures, by Chinese and European artists, are being shown.

The piano recital at 9.10 p.m. on Tuesday this week will be given from the studio of Radio Hongkong by Irene Yuen. The two works she is playing are the Polonaise-Fantasie Opus 61 by Chopin, and Debussy's Children's Corner.

The Fourth Test Match between England and South Africa begins at the Yorkshire ground of Headingley, outside Leeds, on Thursday. Radio Hongkong will be relaying the commentary direct from the ground at 9.15 p.m. on Thursday and there will be a recorded description of part of the second day's play at 10.15 p.m. on Friday.

In conversation he is impatient but in painting he outrivals Job. He will keep on and on until he gets what he wants.

SOUTH CHINA'S PROTEST UPHELD BY COMMITTEE ARBITRATION

By "GRANDSTAND"

The protest lodged by South China against an irregularity in the re-schedule of a postponed game against the US Navy in the Summer League was recalled during the week when a Committee of Arbitration met to discuss the matter.

The protest was upheld as it was found that a misunderstanding in the arrangements had occurred which resulted in South China having to field a scratch team and being nosed out in the last inning of the game.

After careful consideration, it was found by the Committee that the management of the Summer League had assumed that the nominated date for the re-playwas acceptable to both parties without obtaining a confirmation and when South . China were finally notified that they must play off the game, time was insufficient for them to field a full team. South China properly agreed to play under protest when it was evident that the other side intended to claim the points by forfeiture.

Soundinavian countries always go in for sport in a serious way. That's why Finnish bandy players—87,000 of them in 550 clubshave given up their favourite game and switched to field hockey this season.

Although hockey is about as popular in Finland as lacrosse is in England, bandy players think the rules of the game are near enough to those of bandy for a switch to be made in time to pick up some Olympic gold medals. But I think India and have Pakistan something to 'say about that. — DAVID JACK.
